| ▪ Chemical name | Ethylenediaminetetraacetic acid;<br>Edetic Acid |
| ▪ CAS number    | 60-00-4   |

## Aako EDTA Acid

### Typical properties

Appearance	White powder
Purity	≥ 99.0%
NTA	< 0.1 %
Iron content	< 0.001%
Chloride content	< 0.01%
Sulphate content	< 0.05%
pH (1% solution)	2.8 – 3.0
Chelate value	≥ 339 mg CaCO <sub>3</sub> /g

### Storage:

Shelf life of 24 months under appropriate conditions of storage.
